Editorial and publishing analysis

pet

In brief

pet is the specialist magazine for the German-speaking pet sector. Contributions from Austria and Switzerland are included to complement the reports on the German market. Every issue brings up-to-date and practical information on all the different aspects of the pet market. The magazine focuses on news and personnel announcements from the sector, trade fair reports, coverage of the specialty pet trade and the pet departments in garden centres and DIY stores, as well as reports on suppliers and service concepts. Regular market and product surveys, in addition to detailed keynote topics, deal with developments in a variety of different product areas. Expertly analysed statistics provide readers with information on the current state of the pet market.
